PROFESSIONAL EXPERIENCE

Head of Digital — Airvance UK (2024–2026)

Led the digital transformation agenda across Airvance UK, reshaping systems, infrastructure and working practices to build a modern, secure and scalable digital foundation. Delivered a comprehensive modernisation roadmap covering ERP

uplift, platform consolidation, strengthened data governance and significant cybersecurity enhancements. Partnered with senior leaders across SK Sales, MAS and the wider group to streamline processes, improve digital customer experience and support scalable growth.

- Delivered a cohesive digital modernisation roadmap covering ERP, platforms, data and cybersecurity.
- Improved operational resilience through enhanced governance, monitoring and system reliability.
- Strengthened e-commerce and digital platforms to elevate external engagement and customer experience.
- Aligned digital capabilities across multiple business units, enabling consistent and scalable operations.
- Ensured the organisation operated on a modern, secure and future-ready digital foundation.

Head of IT — Temple Spa Ltd (2019–2024)

Provided strategic IT leadership for a scaling organisation, modernising platforms, strengthening cybersecurity and maturing IT governance.

Head of European Development — Origin Global Ltd (2014–2018)

Led design and delivery of real-time customer systems, achieving 30% sales conversion growth.

Software Development Manager — Webclubs Ltd (2012–2014)

Built and led the software development function, contributing to a 50% increase in revenue.

Managing Director — Intanexus Ltd (2005–2012)

Founded and scaled a software consultancy delivering bespoke business platforms and data-driven systems.
